Camp Bowie Fitness Kickboxing Challenge

August 1 at 7:52 AM ·

Congratulations to our most recent winners of the 6 week challenge! Their goal was to lose 25lbs or 6% body fat and they did it!!! Dorothea and her son Brandon started this journey 6 weeks ago! Dori struggles with back issues and has a surgery coming up! Brandon recently lost his father. Even with these heavy challenges they persevered and together they achieved their goals! We are so proud of them and are honored to be part of their journey! They are getting some \$\$\$ this week:) enjoy you two! Keep up the hard work.. The team and I look forward to watching you continue your health and fitness journey! What an amazing duo!!

Thank you to Our kickboxer of the month, Angela, for sharing her story!!

"I started ILKB in September and if you haven't noticed I'm a little addicted! When I first started I thought I was gonna DIE! I couldn't do burpees. I couldn't do mountain climbers. Please, I didn't even know what mountain climbers were. I said I'd come once maybe twice a week. But here I am 6 months later. I come 4-5 minimum. I can do burpees. I can do mountain

The high-energy trainers will run to your side and stand next to you as you are on the mat grunting and sweating and clenching your teeth about to give up telling you in your ear you're doing amazing don't stop I believe in you! It was such a great feeling to get a hug from the trainer after my workout today as she looked me in my face and said great job on the mat today I saw you make a decision to give up and push through it and ignore it. Yes, I cannot walk for two days or lift my arms above my head after a workout but there's no other feeling in the world like this. When that small voice inside your head says I can't push through anymore, there's a bigger voice in your ear encouraging you, saying YES you can do this you're almost there!
